About the contest

At FritsJurgens, our unwavering dedication to excellence drives us to never settle for mediocrity and continually strive for improvement. We carefully examine every detail, making calculated adjustments, and continuously refining to achieve nothing short of perfection. This commitment reflects our constant pursuit of the highest standards, embracing challenges, and exploring new possibilities to deliver the best possible results in our work and creations.

The Best Pivot Doors contest celebrates the transformation of grand ideas into tangible creations that redefine beauty. We do not only want to recognize the best doors, but to inspire and encourage the industry to continually push the boundaries of design and innovation. This year marks the fourth edition of the Best Pivot Doors contest. The previous editions were held in 2019, 2020, and 2022, each one elevating the bar for exemplary pivot door design. Designing a pivot door is about crafting an experience and making a statement. It's the meticulous attention to aesthetics and functionality that elevates an ordinary door to something extraordinary. Each detail, born from a deep understanding of design principles and a commitment to craftsmanship, turns a simple passage into an experience.

We invite architects, designers, door makers and all our partners to showcase their finest FritsJurgens pivot door projects. We aim to honor the fusion of craftsmanship and creativity, emphasizing the elegance and functionality of pivot doors.

Showcase your mastery.

Categories

There are **3 categories** in which you may enter. In each category, the jury selects the top 5 doors and the door with the highest points among these 5 nominees is crowned as the winner in that category.

- **Best Interior Pivot Door**
- **Best Exterior Pivot Door**
- **Best Speciality Pivot Door:** Any special application of FritsJurgens pivot hinge constitutes speciality door. For example, movable walls, rotating shelves, cabinet doors, gates, etc.

Special mentions

Out of all the entries, we do give a special mention to the **tallest** and the **widest** doors based on the measurements that you have inputted.

Eligibility

The contest is open internationally. Both the maker and designer of the doors are eligible for nomination and winning an award. Participants can submit multiple entries if they are different doors.

How to play the game

To participate in the contest, kindly follow these 3 simple steps:

1

Register an account

Participants can register an account on awards.fritsjurgens.com.

2

Start your entry

After completing the registration, you will find the submission form, which needs to be filled out with accurate details. You may save your progress while you work on it at your own pace. You may need to arrange the following information beforehand:

- Project location
- Designer of the door
- Manufacturer of the door
- Photographer
- Other parties involved
- Materials used
- Weight of the door (in kg)
- Door height (in mm)
- Door width (in mm)
- Bottom pivot applied
- Top pivot applied
- Upload photographs: Attach your carefully selected professionally clicked (atleast 3) pivot door pictures and videos to the submission form. Please ensure they meet the specified image requirements.

Submit your projects to be judged

When you have already filled in all the details and uploaded the photographs, click on submit. Tune in for more updates about your entry on fritsjurgens.com/bpd.

Image requirements

The photographs that are uploaded as entries need to be of high quality (professional) in a finished surrounding and not in an under-construction setting. You may upload more than 3 photographs or videos of the door that portrays its functionality. There should be a minimum of 3 images of the following shots:

Door in open position

Door in closed position

Any detailing of the door

Acknowledgement & awards

Recognition and exposure

Projects that are nominated and awarded will be granted an official project certificate. The projects will be prominently featured across multiple platforms, including Facebook, LinkedIn, Instagram, YouTube, Pinterest, and FritsJurgens website. Additionally, nominated and winning projects will gain exposure through publication on ArchDaily, Architonic, and Designboom.

Awards and certificates of excellence

The makers and designers of winning projects will be presented with physical awards and official certificates of excellence.

Judging criteria

Entries will be judged by the winners of the previous year's contest. The criteria for judging include design, application, uniqueness, overall contextual fit of the door in its surroundings, materials used, and provided specifications. In the event of a tie, FritsJurgens will hold a public vote to determine the winner.
